

10th International Workshop on Air Quality Forecasting Research

jueves, 21 de octubre de 2021

Poster: Poster Presentations (16:20 - 16:45)

time	[id] title	presenter
16:20	[6] Poster Presentation	MELAMED, Megan
16:25	[43] Estimation of Uncertainties in Model-Ready Emissions Inventories for Air Quality Modeling Applications	Dr ZAVALA, Miguel
16:30	[12] A Data Assimilation Method Combined with Machine Learning and its Application to Anthropogenic Emission Adjustment in CUACE model	HUANG, Congwu
16:35	[8] Carbonaceous Aerosol from Open Burning and its Impact on Regional Weather in South Asia	Dr SINGH, Prashant
16:40	[40] Dispersion of Atmospheric Pollution from Surface Oil Burns in the Gulf of Mexico	TURRENT, Cuauhtemoc
